ROADCOAT **CENTRO**

PARKDECK PROTECTIVE DRIVING SURFACE

SYSTEM DESIGN LIFE

The ROADCOAT **CENTRO** is warranted for 12 years as being and remaining suitable for the purpose intended as defined in the warranty. The ROADCOAT 300 epoxy resin materials and **CENTRO** system build – up have been in use for this purpose since 1964 and show no deterioration in the warranted properties over this period of time.

Assuming timely repairs to mechanical damage as well as possible wear-course refurbishment at areas of high loading, the system will have the same design life as the structure.

We herewith confirm that the above is specifically applicable to the attached Warranty dated

Robert A Roehder
